REPORTS.

Board of Education—Report No. 1.

Your Board of Education transmits herewith the report of the Educational Commission with the recommendation that it be adopted in full, with the exception of the second recommendation therein, which we have stricken out because the Upper South Carolina Conference failed to agree to it and its operation would be dependent upon the concurrent action of both Conferences.

We hereby nominate as the representative of Conference on the new Commission on Education Rev. Geo. T. Harmon.

The time for the quadrennial election of the Board of Managers of the *Southern Christian Advocate* has come, so we nominate the following to serve for the ensuing four years: F. H. Shuler, J. H. Graves, Leland Moore, C. R. Sprott.

Respectfully submitted,

PETER STOKES, *President*;
ALBERT D. BETTS, *Secretary*.

Report of Educational Commission.

The Educational Commission of the South Carolina and the Upper South Carolina Conferences begs leave to submit the following report:

The plan of campaign as agreed upon by the two Conferences at their last session was not carried out. The exceedingly unfavorable weather conditions of the early part of the year prevented the campaign in the districts scheduled to lead off in this work, and thus, to some extent upset the whole plan. The Commission met in a called session on January 30, and invited all the presiding elders of the two Conferences to meet with them. Every presiding elder was present, and after a full and free discussion it was found that a great majority of the presiding elders, representing their own views and reflecting those of the preachers and laymen in their districts were of the opinion that it would not be worth while to continue the campaign under the plan that had been agreed upon. The Commission then decided to abandon the plan of conducting successive district campaigns, alternating from Conference to Conference. So they instructed the Commissioner of Education, Rev. F. H. Shuler, to go into the field, wherever and whenever, in his judgment he thought best, and by personal canvass seek to increase the amount of notes and subscriptions to this very vital fund.

The plan of a personal campaign by the Commissioner proved rather disappointing. The constant and ever-increasing demands for money made necessary by the war, and the generally listless attitude of people and some of our preachers prevented his adding very materially to the amount that had already been subscribed. At a meeting of the Commission in Spartanburg, in June of this year, consent was given to the Commissioner to take up the duties of Camp pastor at Camp Jackson, while remaining in charge of the educational campaign, without salary from the Commission, for the purpose of collecting subscriptions already made.

The Educational Commission met in Columbia on October 30, for the purpose of receiving the final report of Commissioner Shuler and making plans for the future. The final report as made by Mr. Shuler was as follows:

Amount collected since the meeting of Commission in June	\$ 3,612.70
Total amount collected to October 30, 1918.....	27,918.63
Total amount paid out to October 30, 1918.....	25,738.86
Balance in Bank of Columbia.....	2,179.77
 Paid to Wofford College since June 1, 1918.....	\$ 7,228.00
Paid to Columbia College since June 1, 1918.....	5,997.00
Paid to Lander College since June 1, 1918.....	3,242.00
Paid to Expense Account.....	880.69
Previously paid out to Colleges and Expense.....	8,791.69
 Total	\$25,738.86
Balance in Bank.....	2,179.77
 Total	\$27,918.63

There is approximately \$55,000.00 in notes and subscriptions in the hands of the Commissioner for collection. This amount does not include the sums subscribed in the cities of Spartanburg, Columbia, Greenwood and Bamberg. Subscriptions taken in these cities were especially directed to the institution located in the respective city.

At this meeting Rev. F. H. Shuler tendered his resignation as Commissioner of Education to become effective at the approaching session of his Annual Conference.

The Commissioner of Education was requested to list by charges all notes and subscriptions, and to send these lists to the several presiding elders as soon as possible after the adjournment of the Conferences with the request that each presiding elder distribute the lists properly among the pastors of his district and urge upon them the duty of aiding in the collection of these notes and subscriptions by calling the matter to the attention of subscribers and asking them to remit.

Your Educational Commission makes the following recommendations:

1. That the campaign for raising the full amount of \$300,000.00 be continued, but that the following changes be made in the plan of campaign for accomplishing this work:

(1) That the Educational Commission be reduced in size from ten, as it now stands, to five, for the sake of convenience and economy. Let the new Commission be composed of presidents of Wofford, Columbia and Lander Colleges respectively, and one member each from the two Conference Boards of Education, the representatives of these boards to be chosen by their respective boards. Let this smaller Commission assume the same duties and exercise the same powers as were exercised by the former Commission.

(2) Instead of prosecuting the campaign conjointly under the direction of a paid Commissioner, let the authorities of each institution plan and prosecute the campaign for its proportionate share of the said \$300,000.00 in whatever way they may determine to be best.

In conclusion, your Commission takes this occasion to extend to the Rev. F. H. Shuler its thanks and sincere appreciation for the faithful and painstaking way in which he has ever attended to his duties as Commissioner of Education.

Respectively submitted,

PETER STOKES,
Chairman for the Commission.

Board of Education—Report No. 2.

Your Conference Board of Education has reports from each of the institutions of learning under the care of the Conference and herewith submits a summary of said reports:

Wofford College.—Enrollment last session, 274. Number of teachers, 11. Value of grounds and buildings, \$402,550. Endowment, \$203,347.30. Indebtedness, \$33,530.41, showing a decrease for the year of \$12,856.04. President Snyder reports that the establishment of a Student Army Training Corps at Wofford has made it practically a military post for a time, but they have been glad to serve our country in the great crisis that has been upon us. And we have reason to be very grateful for the splendid patriotism of our student body at Wofford, so many of whom went into the service of our Country.

Columbia College.—Enrollment last session, 249, but has already gone to 269 this session, a most gratifying increase. Value of grounds and buildings, \$260,000. Number of teachers, 21. Endowment funds, \$8,000. The present indebtedness is \$96,350, a decrease of \$7,639.67 since the last report made to this Conference a year ago. A most wholesome religious condition among the students is reported to us by President Pugh.

Lander College.—Enrollment last session, 295. Number of teachers, 23. Value of grounds and buildings, \$181,850. The endowment funds now total \$14,811, a gratifying increase of \$5,611 for the year. The present indebtedness is \$35,150, a decrease since last report of \$4,755.43. Several liberal contributions to the College have been made during the year. President Willson informs us that a chair of Sunday School Pedagogy has been established, and Mrs. H. B. Bourne is filling same with great success.

Wofford Fitting School.—Enrollment last session, 105. Number of teachers, 6. The value of the property is included in the report of Wofford College. This successful secondary school continues its excellent work of other years under the new management of Mr. W. C. Herbert, who was chosen Headmaster during the year past.

Carlisle School.—Enrollment last session, 162, but this fall 201 have already been enrolled, a remarkable increase. Number of teachers, 11. Value of grounds and buildings, \$85,000. Endowment, \$5,000. Present indebtedness, \$9,700, a decrease of \$1,700 since last report. We commend the fine work being accomplished there by Headmaster Guilds.

Textile Industrial Institute.—Enrollment last session, 126. Teachers, 7. Value of grounds and buildings, \$100,000. The present indebtedness of the institution is \$33,196.45, a decrease of \$5,801.23 for the year. We rejoice in the steady growth of this

school. President Camak tells us that they are about to consummate a plan of building a complete cotton mill on the campus as a part of the school to cost \$150,000. In addition to this our Missionary Centenary will bring \$150,000 to aid in the permanent development of this important enterprise.

Horry Industrial School.—Enrollment last year, 198. Teachers, 6. Value of grounds and buildings, \$20,000. No indebtedness. President Morris gives an encouraging report of his work, which is making decided progress. Several thousand dollars have been donated during the year for permanent improvements, so larger things may be expected in the near future.

Cokesbury Conference School.—In accordance with your orders given a year ago this historic school was closed, but we recommend that the board of trustees of same be continued until all property settlements are made.

Summary.—Our total student enrollment last year was 1,409, the largest in our history. Eighty-five teachers are employed in these institutions. The total endowment is \$231,158, an increase of \$2,946. The total property values are \$1,049,400, an increase of \$5,800 over last year. The indebtedness totals \$207,916.96, a decrease of \$30,752.37. Adding the increases in endowment and property values to the decrease in debt we find that our institutions have a net worth of \$39,498.37 greater than at this time last year, a showing which we regard as excellent in view of the trying days through which we have been passing.

Connectional Work.—We have had before us the report of Emory University referred to us, and letters concerning our general educational interest. We wish to call the attention of our people to these highly important matters.

Emory University reports an attendance of 512 students for the last session. Four new buildings have been erected. This institution is now worth more than \$3,500,000. We are greatly interested in this great effort of our Church to build a real university here in our Southland, and South Carolina Methodism will surely do her part. We can do no better thing than to build there a great Teachers' College in memory of that peerless educator of our State and Church, the late Dr. James H. Carlisle. We are rejoiced that the Conference has already taken action inviting the authorities of the University to present the cause to the people of our Conference, and we earnestly urge a large and hearty response to this enterprise. We are delighted that the first building of this Teachers' College is to be a Peace Memorial.

General Education.—We are much encouraged to learn that the schools and colleges of our entire Church added about \$8,000,000 to their holdings during the past quadrennium, or about \$2,000,000 a year. But we must move more rapidly than this now, for Christian Education is the crying need of this crucial hour in the world's history.

Aside from work in our own Church institutions of learning we have an urgent duty to the students in State and other institutions of learning. So the last General Conference provided in Paragraph 368 of our new Discipline for the appointment in each Annual Conference of a Commission on Religious Education. We are happy to comply with this requirement by nominating the following members to serve for the ensuing quadrennium: Peter Stokes, J. A. Rice, H. G. Hardin.

The General Conference ordered the inauguration of a great Educational Campaign throughout the Church to raise \$23,000,000

for Church education; \$10,000,000 for the universities, and \$13,000,000 for our schools and colleges. This effort will be put on two years hence. We recommend that the incoming Board of Education and the new Educational Commission shall carefully plan for our part in this Church-wide movement.

Acting under authority from our late General Conference a number of representatives from our Conferences and schools and colleges, gathered at Lake Junaluska last summer, organized the Methodist Educational Association. We wish to heartily commend this, and recommend that our Conference join said organization, paying the annual fee of \$6.00 from the treasury of this Board. We have selected Rev. H. Grady Hardin to represent this Board at the next meeting of the Association.

Correspondence School.—We are pleased to note that hereafter this work will be operated from both of our universities, at Southern Methodist University for the Church west of the Mississippi River, and at Emory for our section of the Church east of the river. Henceforth our young preachers will be required to take the Correspondence Courses until they have completed their undergraduate work.

We must call attention to the serious shortage in the supply of ministers in our Church. The tasks of this new era constitute a challenge to the young people of today, and the Church must inform them of the great need and opportunity in order that God's call to them may be the more imperative. Let the matter be frequently and strongly presented from our pulpits and let much prayer be offered that the Lord of the harvest thrust forth more laborers into His harvest.

Recommendations.—1. We ask that the first Sunday of next September be set aside as "College Sunday" and that collections be taken on that day or as soon as possible thereafter for the purpose of helping our colleges to retire their indebtedness. To this end we ask that the new Educational Commission and the incoming Board plan well for this "College Sunday" in order that the largest results may be secured.

2. That we heartily endorse the work of the South Carolina Illiteracy Commission in its efforts through the night schools and otherwise to remove the curse of illiteracy from our beloved State. It is a well known fact only two other States in our Nation have a higher percentage of people over ten years of age who cannot read and write. This Conference is in hearty accord with the efforts of the Commission, and we urge our preachers and people to lend every possible aid to the movement, and our S. C. Legislature to enact the needed legislation.

Appointments.—We respectively request the Bishop to make the following appointments: W. C. Kirkland, as editor of the *Southern Christian Advocate*; J. P. Simpson, as Assistant Superintendent of the Epworth Orphanage; S. C. Morris, as President of the Horry Industrial School; J. P. Patton, as a professor in the University of South Carolina; H. G. Hardin, as Conference Secretary of Education; A. D. Betts, as President of Paine College; B. A. Powell, to the Army Y. M. C. A.; Geo. K. Way, Chaplain of the U. S. Army; J. C. Chandler, Commissioner of Education; R. W. Humphries, to the Army Y. M. C. A.

Trustees.—In accordance with our custom of electing boards of trustees for our institutions every two years we submit the following nominations to the Conference:

Wofford College.—D. M. McLeod, F. H. Shuler, W. C. Kirkland, B. H. Moss, H. P. Williams, W. F. Stackhouse.

Columbia College.—L. S. Welling, S. W. Stubbs, S. B. Harper, F. P. Tatum, J. A. Wiggins, A. J. Cauthen, J. A. Rice.

Lander College.—M. W. Hook, Peter Stokes, W. A. Massebeau, J. S. Bowman, L. M. Lawson, J. Davis Carter.

Carlisle School.—Trustees same as Wofford College, by whom the local Carlisle Board is chosen.

Cokesbury Conference School.—G. P. Watson, P. A. Murray, G. F. Kirby.

Textile Industrial Institute.—M. L. Banks, A. J. Cauthen, T. W. Boyle, Charlton DuRant, G. E. Edwards.

Horry Industrial School.—R. B. Scarborough, G. E. Edwards, Joseph J. Bethea, W. M. Monroe, A. D. Betts, F. F. Covington, W. S. Foxworth, the Presiding Elder of Marion District, and the Pastor of Conway Station.

Epworth Orphanage.—J. H. Graves, W. H. Hodges, C. A. Woods, George W. Williams, Charlton DuRant, B. G. Gregg, Henry Cauthen, P. K. Rhoad.

Assessments.—The assessments from the General Board of Education will hereafter be handled on the Connectional Budget and will appear in the report of the Commission on Finance. For our local colleges we are asking for an increase of approximately fifteen (15) per cent. in assessments, which requests are as follows: Wofford College, \$7,000; Columbia College, \$2,300; Lander College, \$2,300; Ministerial Student Loan Fund, \$1,500; The *Southern Christian Advocate*, \$1,000; total, \$14,100.

Respectfully submitted,

PETER STOKES, *President*;
ALBERT D. BETTS, *Secretary*.

Board of Education—Report No. 3.

We have received a report from the Board of Trustees of the Cokesbury Conference School. They submit the following statement from Mr. W. J. Moore, administrator of the Suber estate:

"As Administrator of the Estate of Micajah Suber, deceased, with the will annexed, I sold the lands in Newberry county, as directed by the terms of said will. I sold the lands to one Miss Annie O. Ruff for five thousand six hundred eighty-six and no/100 (\$5,686.00) dollars—one thousand (\$1,000.00) dollars cash, balance in four annual installments, with interest, in accordance with the terms and directions of the said will, credit portion secured by bond of the purchaser and mortgage of the premises."

The clause of the said will with reference to the proceeds reads as follows:

"And I will and bequeath the net proceeds thereof to the Trustees of the 'Cokesbury School,' in Abbeville District, to be applied by them for the purpose of educating the sons of the indigent, deceased and superannuated preachers of the Methodist Episcopal Conference of South Carolina."

With reference to the above we make the recommendation that the proceeds from the Suber Estate shall be turned over to the Trustees of Wofford College for the purpose of carrying out the intention of the Suber Will.

The Trustees of the Cokesbury Conference further report that they sold off a part of the property of the school in the town of Cokesbury, viz.: "A dwelling house with 8.1 acres of land for \$1,921.00, of which \$1,000.00 has been paid and the balance of \$921.00 is to be paid by December 1, 1918." We heartily approve this sale, and it is understood that the Trustees will hold all proceeds from the property until proper direction shall be given same by the South Carolina and the Upper South Carolina Conferences.

We further recommend that \$100.00 of the proceeds of the school property be set aside for the purpose of erecting a suitable memorial to the memory of the late George Holloway, at Lebanon Church, in Greenwood county. Mr. Holloway was a large benefactor of Cokesbury School, and his remains were recently interred at Lebanon Church. It is eminently fitting that some such action as this should be taken.

Some of the citizens of Cokesbury urgently request that their town be given the use of our school building and the three and one-half acres of land for school purposes. We therefore ask that the Trustees of our Cokesbury Conference School be hereby authorized to lease said property to the proper authorities for the sum of \$1.00 per year.

Respectfully submitted,

PETER STOKES, *President*;

ALBERT D. BETTS, *Secretary*.

Report of Joint Commission on Epworth Orphanage.

Pursuant to resolutions passed by the South Carolina Conference and the Upper South Carolina Conference at their last Sessions relative to matters connected with the Epworth Orphanage, the following Commissioners were appointed from the South Carolina Conference: Peter Stokes, D. M. McLeod, E. C. Dennis and T. H. Tatum. From the Upper South Carolina Conference, J. R. T. Major, C. E. Peele, B. W. Crouch and C. P. Hammond.

The Commission met in the city of Columbia, January 31, 1918, and organized with B. W. Crouch, as Chairman; Peter Stokes, Secretary. It was decided by the Commission to conduct the investigation by subcommittees along the following lines: 1. Financial condition. 2. Food and Diet. 3. Farm and Industrial features. 4. Education (Schools and Church) and Sanitation and Buildings.

The subcommittees were appointed as follows: Financial, J. R. T. Major, B. W. Crouch; Food and Diet, D. M. McLeod, C. P. Hammond; Farm and Industrial, C. E. Peele, T. H. Tatum; Education and Sanitation and Buildings, Peter Stokes, E. C. Dennis. These subcommittees, at their convenience, visited the Orphanage during the year, made their investigations, and the Commission, as a whole, met at the Orphanage, November 14, heard the reports of the subcommittees and begs to submit its findings and recommendations.

Before presenting these findings your Commission desires to put on record its appreciation of the readiness to aid us in the work, shown by the Board of Managers, and by the Superintendent of the Orphanage, both former and present.

FIRST: FINANCIAL.

The Committee asked the Board of Managers for the following information concerning the financial condition of the Orphanage:

1. Value of Grounds and Buildings.
2. Amount of Endowment.
3. How Endowment was secured.
4. Annual Income from all sources, and how secured.
5. Amount of money loaned out, to whom, on what terms, and what security.
6. Amount of money borrowed, from whom, for what purpose, rate of interest paid, at any time during the past ten years.
7. Cash on hand, where kept and on what terms.
8. List of securities for money loaned.

In reply to the above request for information the following facts were furnished:

Item 1. Value of grounds and buildings:

30 acres on Campus at \$2,000 per acre.....	\$ 60,000.00
12 brick buildings at \$5,000 each.....	60,000.00
Other buildings on Campus.....	10,000.00
87 acres in farm at \$500.00 per acre.....	43,500.00

Total value of grounds and buildings.....\$173,500.00

The above are the estimated values of the several properties by Rev. H. Z. Nabors, who was then Superintendent, who stated that several real estate men had looked over the property, and some placed the valuation higher and some lower.

Items 2 and 3. It appears that the total amount of endowment on February 20, 1917, was \$70,379.44, besides 870 acres of land in Clarendon county, bequested by J. W. McLeod. This endowment was built up by the bequest for this purpose, or added to the endowment by common consent; secondly, the executive committee of the Board of Trustees at various times directed certain surplus funds from the current income to the purposes of endowment.

The endowment fund is made up of the following items:

June 14, 1907, Action of the Board.....	\$15,000.00
March 12, 1908, Action of the Board.....	5,000.00
June 21, 1908, Action of the Board.....	5,000.00
February 9, 1908, Action of the Board.....	5,000.00
1910, Bequest Mrs. S. A. Weber.....	4,325.00
September 13, 1909, J. T. I. Julia Jordan.....	250.00
March 25, 1909, Action of the Board.....	5,000.00
December 6, 1909, Action of the Board.....	5,000.00
October 10, 1910, Mrs. F. E. Wright.....	100.00
February 9, 1910, Mrs. M. M. Armstrong.....	1,000.00
January 15, 1912, Rev. John W. Humbert.....	500.00
January 3, 1912, Miss Willie Hare.....	101.83
April 12, 1913, John W. Truesdale.....	1,000.00
June 14, 1913, Mrs. M. A. Fowler.....	400.00
August 18, 1913, Mrs. T. G. Herbert, Sr.....	50.00
February 14, 1914, Mrs. M. A. Hollingsworth.....	500.00
November 10, 1915, Edward Ehrlich—Home.....	5,000.00
November 10, 1915, Edward Ehrlich—Home.....	5,000.00

January 6, 1917, Mrs. Harriet B. Limestone.....	200.00
January 31, 1917, Asbury L. Ott.....	7,852.61
January 27, 1917, A. J. C. Cottingham.....	3,000.00
March, 1916, Rev. J. A. McGraw.....	1,000.00

Total endowment.....\$70,379.44

There are several other bequests of real estate that will eventually be added to this endowment.

Item 4. The annual income of the Orphanage from all sources for the year beginning November 13, 1916, and ending November 20, 1917, was as follows:

Contributions from Churches, Sunday Schools, etc.....	\$20,460.26
Labor Day Offerings.....	12,207.12
Devises by will.....	13,052.61
Farm receipts.....	1,175.68
Printing Office	1,048.95
Interest and rents.....	10,341.33
Miscellaneous receipts	1,569.11

\$59,856.06

From marble yard receipts..... 10,258.54

\$70,114.60

Loans repaid 20,474.15

\$90,588.75

Loans repaid cannot be taken into account in an effort to determine the normal annual income to the institution. Inquiry reveals the fact that the marble yard barely pays expenses and the doubt rests on the side of an actual liability, therefore, in arriving at the normal annual income to the Orphanage, loans repaid and the receipts from the marble yard must be deducted—these two items aggregating the sum of \$30,732.69.

The item "devises by will" amounting to \$13,052.61 cannot be regarded as any fixed or normal income as this will of course vary with the passing years. And so it is with the contributions from the Churches and "Work Day" contributions. After eliminating all the items shown in the report as "annual income" that should be eliminated, it would appear that if the contributions from the Churches and "Work Day" offerings remain about as they have been, the total normal income including interest and rents, and excluding devises by will—which may run from nothing to \$13,000.00 annually, is approximately \$42,000.00. In the item under the head of "interest and rents" is included \$3,000.00, "J. B. Zemp, balance on real estate," which is evidently a loan repaid and should be deducted from interest and rent for the year ending November 20, 1917, so that only about \$39,000.00 was the ACTUAL income to the Orphanage for the period from November 13, 1916, to November 20, 1917.

Itemized statements as to devises by will, interests and rents, and loans repaid are as follows:

Devises by wills:	
Mrs. H. B. Limehouse.....	\$ 200.00
A. J. C. Cottingham.....	3,000.00
Mrs. H. E. DuRant.....	1,000.00

A. L. Ott.....	7,852.61
Mrs. D. D. Davenport.....	1,000.00
Total	<u>\$13,052.61</u>

Interests and rents:

City of Columbia.....	\$ 317.58
H. H. Griffin.....	532.00
D. L. Bryan.....	100.00
J. B. McLaughlin.....	520.00
Homestead B. & Loan Co.....	617.00
Miss L. Robinson.....	54.07
Mallard Lumber Company.....	168.16
J. B. Myers.....	350.00
J. J. Watson.....	175.00
Columbia College.....	2,184.02
Mrs. E. M. Hughes.....	226.63
F. M. Zemp.....	105.00
August Kohn	166.83

Item 6. The only money that has been borrowed by the Epworth Orphanage during the past ten years was \$2,000.00 from the National Loan & Exchange Bank of Columbia, on September 10, 1917, for sixty days, for current expenses at 8 per cent. In connection with this item your committee would call attention to the fact that during this same year the Institution loaned \$10,000.00 at 7 per cent. and \$26,000.00 at 6 per cent.

Item 7. Cash on hand, where kept and on what terms: The balance of cash on hand February 1, 1918, in the National Loan & Exchange Bank was \$11,052.65, and there is a balance of cash in the Bank of Columbia of \$432.57 on the same date. All Orphanage moneys are deposited in these two banks and are kept on open account.

Your committee has found certain facts that should be gratifying to the Methodists of South Carolina. They have a plant and a property of which they should be proud. By a conservative estimate the real estate is found to be worth \$173,500.00. Then there has been built up gradually a reserve or endowment fund of over \$70,000.00. Besides, the Orphanage has been the recipient of a considerable amount of land and other bequests that it will come into possession of on the decease of beneficiaries now living. The above facts, on the whole, reveal a splendid management of the financial affairs of the Orphanage.

However, there are some things revealed by this inquiry that we would call attention to, and warn the management against for the future.

1. The endowment seems to have been built up in part by the action of the Board of Trustees directing certain surplus funds thereto. We note that from June 14, 1907, to February 9, 1908, a period of less than eight months, \$30,000.00 was withdrawn from the general fund and set aside for endowment. Then again the next year, 1909, \$10,000.00 more was thus directed. We deem this a too rapid building up of the endowment, especially if it interfered with a proper caring for the inmates, and wise development and improvement of the plant. We would suggest that hereafter that moneys bequeathed for this purpose be set aside for endowment, and that the current income be used for better feeding, clothing, housing and educating the orphan children for whom the Church is responsible.

2. We note, in the second place, that the Orphanage Board has loaned to Columbia College \$26,500.00 of Orphanage money. The College lacks \$2,284.00 of having even paid the interest on these loans up to February 20, 1917, though some of the said loans have been running for twelve years. We deem the policy of the Board in making these loans a most unwise one, as it is apt to lead to complications in the matter of managing our Church institutions, to dissatisfaction on the part of our people, and places the Orphanage money where it will be harder to realize upon in case of emergency than if loaned to private individuals, or to industrial enterprises. We would respectfully suggest that the Board of Trustees hereafter refrain from making loans to other Church institutions. We suggest as a good policy that no man should be on more than one Board of Trustees.

3. We note further the fact that members of the Board of Trustees and another employee of the institution have borrowed from the Orphanage funds. Of course, they gave security. There is nothing immoral, illegal, or probably unethical in this; yet we feel that it is not for the best interests of the Orphanage to continue such a practice. It will give greater satisfaction to the Methodist public generally to know that these trust funds are not being tied up in the private enterprises of members of the Board of Trustees.

4. We consider that some of the loans made by the Orphanage Board are too large. It is not good policy to tie up so much money, so much of these trust funds, in large loans, when it might be more widely distributed and more easily realized upon in case of need, if let out in small amounts. Columbia College owes the Epworth Orphanage \$28,784.00. Then there are two other outstanding loans to individuals for \$10,000.00 each, and three other such loans for \$8,000.00 each. We think it would be a safer business policy for the Board of Trustees to bind itself by a rule that in the future it will make no single loan for more than \$5,000.00.

5. The Committee has gone as carefully as it could into the matter of the character of the securities held for loans by the Orphanage. In the main these seem safe and adequate, but there are several, we think, which should be looked into carefully, for the purpose of determining whether the mortgages held are first, or subsequent mortgages; whether the maker of the note was legally empowered to bind the institution for which he was negotiating; and whether the collateral taken is sufficient to insure the absolute safety of the note. Your Committee requested the Superintendent of the Orphanage to make careful inquiry as to the safety of loans Nos. 6, 8, 9, 23, 31 and 34. These are all probably perfectly secure, but we think it good business to look into the matter and be absolutely sure.

SECOND: FOOD AND DIET.

There has been great improvement in the dining room, tables have been shortened, ten now sitting at a table, and chairs have been provided. The dining room is not at all satisfactory, but is about the best that can be had in the present building. There are two possible arrangements for dining room and kitchens on this campus: either a central kitchen and dining room, or these at each cottage. Unless great and expensive changes were made, the cottage kitchen and dining room are impracticable. But a central kitchen and dining room is practicable. It will likely cost less to maintain and can be more easily managed. For this a new building will be needed. The first and second floors of the dining room building are now used and are not attractive nor convenient, and are, of necessity, overcrowded.

If the present Orphanage site is kept, a central dining room and kitchen ought to be built; one that is carefully planned to meet present and future requirements. The kitchen is too small and very hot, as the size of the stoves necessary for the cooking is too much for the space in the kitchen. When a new one is built, all proper equipment should be provided. The present quarters are clean, but entirely inadequate.

The food for the children seems good, though plain. Variety is maintained to a considerable degree. It is served about as well as the house conditions allow and the indications are that it is clean and wholesome. The chief lack is in the supply of milk. A sufficient number of cows should be kept to give the children milk, and if possible, butter; but milk is the great need. With this a proper diet can be had by using such other articles of diet as may be procured. The present supply of milk is entirely inadequate.

Next to milk, vegetables should be supplied. They are a necessity in diet and could be raised by the Orphanage force if properly planned for. By raising them they would be ready for use and make the institution independent of the market, beside obtaining them at less cost. There are so many vegetables that can be raised and large quantities on small acreage, by care, that there can scarcely be excuse hereafter for any shortage. If vegetables are raised, a cannery could be used and a supply put up for winter use. This would also give boys and girls training in this work, as well as teach them to raise, use and keep a varied supply of vegetables.

The whole question of food depends on an intelligent idea of what is needed. Food values must be understood to a fair degree and the necessity for a balanced ration known, but knowledge that depends on haphazard of market supply will not work well.

Meat, fats, sweets and bread can be bought, but the balance given by milk and vegetables must be supplied by the institution. The requirement to have milk pasteurized has compelled the purchase of a plant for this. It is hoped the supply will soon be ample

and that next year large and careful provision of vegetables will be made.

Eggs are needed and if chickens could be raised it would be a great help.

THIRD: FARM AND INDUSTRIES.

The Printing Office equipment is valued at about \$2,000.00 This equipment is adapted to very simple work such as envelopes, pamphlets, circulars, etc. It is not sufficient to do larger contracts, such as college catalogues and the minutes of our Conference. The gross income from the printing office for the past year is \$1,048.95. The salary of the foreman is \$720.00 per year. So when we deduct the cost of material, we can readily see that the office does not produce a profit. As a training school it is very limited, only five boys take the work. The management does not seem to be in competent hands.

The Laundry is equipped sufficiently to do the work of the Orphanage. The quality of the work done is good. It is operated by the girls of the institution.

The Marble Yard is conducted by a competent foreman of twenty-seven years' experience. His salary is \$1,500.00 a year and his assistant is paid \$24.00 per week. The marble yard has recently been equipped with pneumatic stone cutters, so that now the equipment is valued at about \$450.00 and ought to be sufficient to meet the requirements, but we note that the marble yard has not been able to keep up with orders. The gross receipts of the marble yard for the past year are \$10,258.54. The figures for the net receipts are not available. Eleven boys take the training.

The Orphanage has no Dairy building. There are fourteen cows producing twenty gallons of milk. Only a small number of these cows are pure bred. The production of milk is not what it should be owing to the poor quarters in which the cows are kept and the lack of a competent man to care for the herd and see that they are properly milked. An expert from Clemson College says that the herd is of very good quality. A pasteurizing plant is being installed. We need very much a dairy building and a dairy man.

The Orphanage Farm consists of 87 acres of land valued at \$43,500.00. On this farm are kept five mules and horses, and feed is produced for them. The cows are fed on commercial products. Hogs are raised to a limited extent. A 30 acre pasture joins the farm. While the farm is equipped with modern farm machinery only to a limited extent, there seems to be sufficient for general farm use. On this farm are grown corn, cotton, oats, peas and potatoes. The farmer gets a salary of \$80.00 a month. He is not trained in scientific farming, does not pay any special attention to soil building and stock raising and is not a student of modern farming methods.

SOME NEEDS.

Our printing office needs to be equipped to take larger contracts and to do a quality of work that will commend itself to a more exacting patronage. If this is done we must have a better equipped man in charge of the office.

The marble yard has not been keeping up with the orders it receives. Perhaps an enlargement would be advisable.

We greatly need a modern dairy building under a competent manager.

We need a more efficient man in charge of the farm. More attention needs to be given to feed products and stock raising.

FOURTH: EDUCATION, SANITATION AND BUILDINGS.

Education.

The Orphanage School has ten grades, with five teachers, and is classed by the State Department of Education as a High School. They follow, as far as practicable, the requirements for the State High Schools. There are more than 200 pupils in the school. The children are not well supplied with textbooks. The general practice seems to be for more than one child to use the same textbook.

The school building is totally inadequate in size and construction and equipment. The separate rooms and furnishings, so-called, are at best but poor makeshifts. There is a question as to the physical safety of the building. There is immediate need for the erection of a school building of the best type and equipment.

The Church and Sunday School equipment are not all that could be desired, and we suggest that such an arrangement might be made of the present buildings that would give better Sunday School quarters.

Sanitation.

There has been a marked improvement in the sanitary condition of the cottages and the home life of the children. The floors are kept clean and a large number of new iron beds and of bedding has been installed, including mattresses, pillows, sheets, etc. The beds are clean and there is a very pleasing appearance of neatness throughout the cottages. We would urge continual and careful supervision on the part of the management that the beds and the person of the children be kept clean and healthy.

The closets, toilets and bathrooms seem to be kept in good condition.

Unfortunately most of the buildings are of a rather cheap construction as to wood work and are hard to keep in repair. However, they seem to be in about as good condition as one could expect. This should be taken into account in all future building.

The old cow barn and lot was found to be a menace to the health of the institution and on the recommendation of the Commission, the building was torn down and the lot moved to another location with only temporary sheds. There is need now that adequate shelter and protection be provided for the stock.

CHANGE OF LOCATION.

The Commission has tried to give careful consideration to all suggestions as to the needs or advisability of a new location for the Orphanage. Without burdening this report with any arguments for or against any proposed change of location, the Commission recommends that the Orphanage remain in its present location, and would further recommend that the Board of Managers abandon the seeming haphazard location of buildings, and be instructed to secure the services of a competent landscape artist, and have a well ordered plan for all future buildings and improvements, and seek to harmonize the existing plant with these plans.

RECOMMENDATIONS.

1. We recommend (1) the erection, at once, of a centrally located dining room and kitchen, large enough for present and future needs, and well equipped. (2) A school building with adequate and modern equipment. (3) A barn and dairy sufficient to care for a herd of cows large enough to supply milk for the children.

2. We recommend that more attention be given to the production of vegetables and garden produce for the children, and suggest the

advisability of employing a truck gardener separate from the farm worker.

3. We recommend that the Board of Managers enquire into the status of the printing office and marble yard, as to whether they are profitable either financially or as a training school.

In conclusion, we would call attention to the fact that since this commission was created, a change of management has taken place at the Orphanage. With the change of management has come many desired improvements, and we shall look upon the past as a closed chapter. We trust still better days are ahead for this institution which is so near to our hearts.

In this connection it is our painful duty to record our conviction that the Board of Managers have not been altogether blameless for whatever conditions may have obtained. We are convinced that, with a little more careful and painstaking oversight and insight, much that has been hurtful would have been avoided.

We trust that this has now passed from the Board of Managers, as assurance is given, that in many of the recommendations made in this report, the Board already has formulated plans for making such improvements. Money will be needed to make these improvements, but our people love the Epworth Orphanage, and are always ready to respond liberally when they know its needs. We therefore urge the Board of Managers to see to it that the Orphanage and its needs shall be kept before our people, by a larger program of visitation among the Churches, by some official.

PETER STOKES, *Secretary,*
For the Commission.

Report of Board of Trustees Epworth Orphanage.

Dear Brethren: The Board of Managers of the Epworth Orphanage beg leave to submit the following report:

GENERAL STATEMENT.

On the first of May of the present year, the Board was called to meet to consider certain unsatisfactory conditions at the Orphanage, and after a thorough investigation of the disciplinary methods prevailing as well as other conditions, it was decided that a change in the administration was desirable; and upon the resignation of Rev. H. Z. Nabors, Rev. T. C. O'Dell was elected Superintendent, and his election was approved by Bishop Candler, and on the 20th of May he took charge of the affairs of the Orphanage. In the mean time, Mr. Nabors' books had been examined by an accountant, and found to be correct, with a cash balance in the banks of Columbia of \$6,730.46, and a deposit of \$4,000.00 in the Charleston Savings Bank. Upon as careful examination as our bookkeeper was able to make, it was found that there were bills payable to the amount of \$5,683.81, and bills receivable to the amount of \$4,545.77. All bills payable were promptly settled, and of the bills receivable, \$2,210.37, have been collected.

The business of the Marble Yard and Printing departments were found to be in an unsatisfactory condition. There were outstanding bills against the marble department of \$3,784.16, but to offset this, there were bills receivable to the amount of \$4,330.77, of which \$1,995.20 have been collected. There were two soliciting agents in the field to whom there had been paid advance commissions of

\$2,625.00. These orders amounted to more than could be filled in a year and a half or two years. These agents were immediately discontinued.

IMPROVEMENTS.

Improvements have been made under difficulties. It has been almost impossible to secure the necessary labor to do the work, and when it could be had, it was at an almost prohibitive price, carpenters charging from \$5.00 to \$6.00 a day, while plumbers charged from \$8.00 to \$12.00, and could be had only for a day at a time. However, many improvements have been made, keeping, of course, within the limitations of the resolutions of the Annual Conferences. Old and unsanitary beds and furniture have been replaced with new, where it was found to be necessary. Lockers, or wardrobes, have been built in all the girls' homes except the Williams home, and in one of the boys' homes. Some homes have been repainted and calcimined. New heaters or grates have been placed in every home where needed. Tables of a uniform length of ten feet have been placed in the dining rooms, and chairs have been supplied in place of benches. China, knives, forks, spoons, linen, etc., have also been supplied.

Much needed machinery has been placed in the Marble Yard, and in the Laundry, which facilitates work in these departments. A new truck, a new mowing machine, a stalk chopper, and many smaller implements have been placed on the farm. New desks have been placed in some of the schoolrooms. A pasteurizing plant has been purchased for the Dairy, and two Jersey cows have been added to our herd. Many other improvements have been decided upon for the near future. A new and up-to-date school building is among the plans for the future.

SCHOOL.

Fifteen girls and three boys graduated from the school last June. Three of these remain to take the eleventh grade; one has been sent to Columbia College through the generosity of Mr. T. E. Davis, of Bishopville. One of the class of 1917 has been provided for in the same institution by two good ladies of the State. The present session began September 3d, under favorable conditions, and for a month, made good progress; but the epidemic of Spanish influenza forced the closing of the school for practically five weeks. Another grade was added to the curriculum, and there are now eleven grades. It was the purpose of the management to incorporate a business course with this grade, but it was not possible to secure a teacher at a salary that would justify the expense.

FARM.

The farm has been fairly successful. The corn crop is estimated at six hundred bushels, the oat crop at three hundred, the sweet potato crop at five hundred, the cotton at three bales and the peavine hay at twenty tons. Besides this there has been stored up a large quantity of ensilage. The garden or truck farm has not been the success that could have been desired. The hot, dry summer made it impossible to grow vegetables to advantage. However, there were enough vegetables to supply the table for a greater part of the spring and summer.

MARBLE YARD.

This department furnishes employment to eleven of the boys, and is self-sustaining. (See Condensed Statement.)

PRINTING OFFICE.

Four boys work in this department. It is not self-sustaining. (See Condensed Statement.)

DAIRY AND STOCK FARM.

There are fourteen milch cows, from which the average supply of milk is about twenty gallons daily. There are about forty hogs and pigs. Of this number, about twenty will be butchered for the use of the Orphanage. Some of them will weigh around three hundred pounds. The pasteurizing plant which has been ordered, should insure milk that is free from disease germs.

INMATES AND MATRONS.

Thirty-six children have been received during the year, and thirty-eight have been discharged. There are at present eighty-seven boys and one hundred and sixteen girls in the institution—two hundred and three in all.

There is a matron for each of the homes, and one for each of the following departments of work: kitchen, dining rooms, laundry and sewing room. The health of the children has been remarkably good, with the exception of the epidemic of influenza which affected about one hundred and fifty of them; and even in this there were no severe cases. Not a death during the entire year. For this we are devoutly thankful.

Of the more than two hundred children, all are members of the Church but thirteen. They attend chapel services every morning, Sunday School every Sunday and preaching every time there is a service.

Report No. 2 Board of Missions.

The Board of Missions of the South Carolina Conference comes to the close of its quadrennium with mingled feelings of gratitude and regret. While deeply regretting the meagerness of our achievements we are profoundly grateful to God for the success which has attended our efforts.

We rejoice that, in the midst of the many and distracting thoughts and duties in which we have found ourselves, the supreme cause of Missions has not been lost sight of, but has been recognized as it has never been before as the most imperative duty of the hour. In our readjustments of things, we have come to the conclusion that the great World War has not only failed to eclipse the Gospel and the Kingdom, but has brought to the Church the greatest missionary opportunity of its history.

To the casual observer, the World War is a conflict between autocracy and democracy, but to the Christian statesman it becomes a mighty struggle for the supremacy of moral forces over the material. We rejoice that our own great Church has caught the vision of the sublime task and has arranged a commensurate program. It is a program that embraces every organization and every member of the Church. Its methods embrace the investment of intercession, the investment of life and the investment of material possessions, "Except the Lord build the house, they labor in vain who build it." God is the supreme and indispensable Builder, and His revealed truth must be the dominating factor of world reconstruction. As the representatives of the great cause of Missions in our Church, we urge our people generally to give the most hearty and loyal support to this Providential movement.

The failure of the Church to realize the opportunity and to exert itself to the utmost to meet the consequent duty, would be the supreme tragedy of our Church.

In the Providence of God our Missionary Centenary comes in the midst of this critical hour in the world's history. It calls upon American Methodism to take stock of the past and to equip itself for the greater duties of the future.

It is no time for dealing in mere pious platitudes, but heroic surrender and service.

The South Carolina Conference, the mother of Methodist Missions, must as usual take the lead.

We recommend that the South Carolina Conference not only accept the sum allotted to us, namely, \$995,243.05, but that we increase the allotment to the sum of \$1,000,000.00.

The Board respectfully requests the Bishop to appoint Rev. A. J. Cauthen to the office of Conference Secretary of Missions.

We feel happy in the fact that we have succeeded in securing the services of Brother Cauthen in the management of this gigantic enterprise in our Conference. We recommend him most heartily to our people and solicit their sympathetic co-operation.

Respectfully,

WATSON B. DUNCAN, *President*;
S. B. HARPER, *Secretary*.

MRS. J. P. MCNEILL, *Conf. Treasurer.*

REPORT OF THE SUNDAY SCHOOL BOARD.

First of all your Board would call attention to the enlarged and ever enlarging place of the Sunday School in the great program of the Church as indicated in the emphasis put upon the work by the recent General Conference. The General Board has revised and enlarged its program to meet the expanding opportunity. It is the purpose of your Conference Sunday School Board to endeavor to meet this new and enlarged opportunity in a manner that may reflect credit upon our Conference, and bring to us the largest possible return.

Thoughtful men everywhere are beginning to accord the Sunday School its rightful place of first importance. It could not be otherwise in the face of the following statistics taken from the Corresponding Secretary of the General Board: During the year 1917, 64,873 Sunday School pupils were received into the Church, and for the quadrennium 285,965. During the past four years the Sunday

Schools sent a continuous stream of coins into the treasury of the Mission Board in the way of "specials" until the fine sum of \$885,946.78 was reached. Birthday offerings have gone from the Sunday Schools to the Church Extension Board, creating a modest loan fund of over \$15,000.

Turning to the statistical reports for the past year we find that of the 1,659 additions on profession of faith 1,151 came from the Sunday School. We note with pleasure that our Sunday School pupils contributed during the past year to missions the creditable amount of \$3,026 as specials and \$1,196 on the assessment, or a total of \$4,222.00, a neat amount contributed for the salvation of others. In addition to this the Sunday Schools of the South Carolina Conference expended for supplies and other purposes over \$30,000.00.

We regret to call attention to the fact that the Sunday School enrollment is not larger than it is. From the statistical reports we find that the Sunday School enrollment is only 40,512, while the Church membership is given as 53,152, a difference of 12,640 and a reported decrease of 2,128 from last year. We call attention to this fact to emphasize the importance of securing accurate figures, and that a failure to do so places us in a false light before the world. Early in the coming year it is the purpose of the General Board to launch a great Church-wide house-to-house visitation in order to increase our enrollment and reach our people. And it is the purpose of the Wesley Bible Classes to receive our returning soldier boys with such a welcome that they shall feel that they have indeed come home again. We urge upon all our workers the great importance of helping to make possible this enlarged program of service in this day of opportunity. It is gratifying to note that an ever increasing number of our strong men and women are giving thought and time and energy to this great work of the Sunday School.

The presiding elders and pastors are the key men in this work, and we respectfully call their attention to the revised laws of the General Conference as found in paragraphs 328-330 in the Discipline, in the case of the former, and to paragraphs 322-326 in the case of the latter. We also call attention to the organization standards that have been revised and that in due time will be distributed, and we urge every pastor and superintendent to perfect their school organization according to these carefully thought out plans.

In order to increase the importance of the day and to bring the Sunday School more prominently before the entire Church, the last General Conference changed Children's Day to Sunday School Day. A program will be prepared and sufficient copies will be sent to each school by the Sunday School Board for its observance. If for any reason it is impossible to carry out the prepared program, we believe it would be wise to observe the day with special songs and addresses by the pastor and invited speakers. This day is too important to be allowed to pass unobserved. Children's Day offerings for the year now closing have been greater than ever before, for which we thank the brethren, and we feel sure that with more emphasis placed upon the day during the coming year a much larger offering can be realized. When we remember that no other interest of the Church is jeopardized by this offering, that it is the only opportunity the Sunday School has to contribute to its own work, we feel that it is unwise, to say the least of it, to fail to make this offering a worthy one.

The Sunday School is already becoming the public school of Christian education. As trained teachers become the first need of

any educational institution, so trained teachers is the first need of the Sunday School. We call your attention to the splendid set of textbooks that have been prepared for use in our training schools, and we emphasize the necessity of teacher training work according to the plans of the General Sunday School Board. Our Junaluska Training School for Sunday School Leaders has become the greatest school of its kind in this country, and from year to year is increasing in its efficiency. Supplementing this, your Sunday School Board has authorized two Conference-wide schools to be maintained for the coming year, one at Carlisle School at Bamberg and the other at Myrtle Beach. We have also authorized that smaller institutes and schools be established in each district and at other strategic places throughout the Conference, as the way may open. We feel sure that our congregations could not make a wiser use of a few dollars than to assist in sending a few picked workers to attend these schools. And we believe that every charge would be greatly benefited by making it possible for the pastor to attend the Junaluska School.

Beginning with the first issue in January, the *Workers Council Magazine* and the *Graded Lesson Magazine* will be merged into a larger magazine, *The Standard*, giving to us a joint magazine with the Methodist Episcopal Church that will be equalled by none. This magazine should be in the hands of every one who desires to do efficient Sunday School work, and at the nominal price charged we urge all schools to take it for their pastors and workers.

No school housed in one room can do the best work. We, therefore, do not suggest but urge every congregation to try to either remodel or build anew so as to provide the facilities for better work. Those congregations that build should by all means take into consideration that all modern Sunday School work is based upon departmental organization and in building provide for such. Under the joint actions of the General Sunday School Board and the Board of Church Extension, a department of Church Architecture has been established under the superintendency of Rev. J. A. Baylor, who will be glad to assist free of all cost any congregation that will consult him at Louisville, Ky.

We endorse the plan for a Conference-wide Wesley Bible Class Federation, and we commend the Wesley Bible Classes for the splendid work that is being done by them in many fields of endeavor.

Children's Day banners for the past year are awarded as follows:

District Banner.—Largest Total offering to Orangeburg District. Largest Per Capita offering to Charleston District.

Charge Banner.—Largest Total offering to Lake View, Marion District. Largest Per Capita offering to Orangeburg Circuit, Orangeburg District.

School Banner.—Largest Total offering to St. Matthews, Sumter District. Largest Per Capita offering to Hampstead Square, Charleston District.

Special Banner.—Chesterfield Circuit for an offering of over \$100.00. We make special mention also of St. Paul's, Orangeburg, Mullins and Bluffton and Ridgeland for large offerings under \$100.00. These banners will be formally present to the District Sunday School Conference.

During the coming year the Board offers banners on both the total and per capita bases as heretofore and in addition will give a

special banner to any school or charge that makes a total offering of \$100.00 or more, and to every district that makes a total offering of \$500.00 or more.

Your Board awards a pennant of recognition to Beulah Sunday School, North and Limestone charge, as a "Standard of Efficiency School" for the year 1918, and will present a pennant to every school that will immediately report their organization up to 100 per cent. on the old Standard of Efficiency. After January 1, 1919, a school must grade by the revised standard that has been prepared and will be sent out. We feel sure there are other standard schools that have failed to report and we trust that they will do so immediately. We recognize Limestone school and Conway station as having graded 95 per cent.

We consider ourselves very fortunate in securing the services of Mrs. Clay E. Smith for another year as Conference Elementary Superintendent, who has rendered such splendid service during the past year.

Your Board deems it best, with a perfect understanding with the Sunday School Board of the Upper South Carolina Conference, to discontinue the joint work and to employ our own field secretary. We respectfully ask the Bishop to appoint Rev. W. C. Owen as Field Secretary for the ensuing year. And we ask for both our workers the most generous and sympathetic co-operation and support on the part of all presiding elders, pastors, and Sunday School workers.

In order to facilitate the work mapped out by the Board for the coming year, your Board asks for a meeting of the Presiding Elders with the Executive Committee of the Board and the field workers as early in the year as possible.

We wish to express our appreciation of the presence and help of Dr. Chas. D. Bulla, Corresponding Secretary of the General Board.

Respectfully submitted,

C. C. DERRICK, *Chairman*;
J. T. PEELER, *Secretary*.

Never, since the organization of this work, have the contributions been so liberal as they have been this year. The general prosperity of our people accounts in part for this, and we believe that a growing interest—a more intelligent interest in this important work has played its part.

The Missionary Organization has been working to save the lost, and step by step with it the Church Extension Society has been busy providing a Church home for these rescued ones. Until recently, we thought almost any place was a suitable one for our Sunday School work, but now we are catching a vision of larger things. We see the Sunday School in all its departments, a great school in which men, women and children of every age are gathered, and taught in the great truths of God's word and trained for service in the Kingdom of God. We need to revise our thought of the Church in the community—the thought of the building itself as well as what the building stands for. We need to realize it is the house of God—the house around which many precious promises and assurances gather. It is a greatly important building both from the divine side and human side as well. 'Tis here we meet to worship; here our children are taught the word of God; here most of our young folks are married, and here the beautiful and impressive burial service is read. There is no building in the community of such great importance, I except none, and if the Church does not stand on some elevated ground, it should be high and lifted up in the thought and appreciation of the people. We ought to have such appreciation of the Church building and the thing it stands for, that to us every visitation to the Church, has been an ascent and that we have gone up to the house of God.

If we can bring all our folks to this place then every man will be more careful to keep his foot when he goes to the house of God and on his return from this house it is possible that his face may bear some resemblance to the face of Moses when he came down from his talk with God.

The Church and what it stands for is the greatest thing in the world. Can we all come to this place? If we ever attain such a realization and appreciation of the Church we must begin with the cradle.

Have you thought of the marvelous story of Moses and his mother? She was a hired nurse to her son. How many years she enjoyed this privilege we do not know; what opportunities she had for training we cannot say, but we do know this, that during the few short years she so taught him as to his relationship to his

forefathers and to his God, that in spite of all the allurements and all the bright promises of the Egyptian Court and the King himself, Moses, when the time came was able to make a great choice, and a greatly wise choice, and from that hour was ever faithful to God and to his fellow Hebrews.

To do a work like this we must begin very, very early and we must build such Churches and Sunday School rooms as will enable us to do the very best work.

This closes the career of the present Board. We ring out the old and ring in the new.

As we are to retire, one comforting thought comes to relieve the situation and that is, that the officers of the new Board, whatever other superiority they may possess over the retiring Board, they certainly will not have much on us as to beauty.

S. D. BAILEY, *President*;
P. A. MURRAY, *Secretary*.

Epworth League Board.

Dear Brethren: Your Committee on Epworth Leagues notes that there are thirty-five Chapters within the bounds of the South Carolina Conference. This is nine less than was reported last year. One reason for this falling off in number is, that so many of our young men have been called into the service of our Country. Now, that these young men are returning, we hope that there may be a revival of interest in Epworth League work. To this end, the officers of your Board are offering themselves to any Presiding Elder or Pastor to help organize or strengthen the Leagues within the districts or charges.

The recent General Conference has placed the Epworth League work on a more permanent basis. The Centenary Drive that is on recognizes the importance of this arm of the Church and we trust the brethren of the Conference will more closely co-operate with the Board in establishing Leagues within the bounds of our Conference.

Respectfully submitted,

F. L. GLENNAN, *Chairman*;
G. T. RHOAD, *Secretary*.

Report on Sabbath Observance.

Notwithstanding the strenuousness of the exacting period through which we have just been passing—a period which might have been interpreted as justifying a relaxing of public sentiment concerning Sabbath Observance, your committee is pleased to note some indications of a growing reverence for God's Holy Day. One instance of this is seen from the fact that when certain places of business and amusement for the convenience of our soldiers in the war camp was proposed it was met with a resistance of public sentiment that made it impossible to carry it out.

Your committee would, however, urge that our people be not content with a mere prohibiting of unlawful customs of practice on the Lord's Day, but to attend public worship and strive to make it more and more a day of Holy duties, comforts and aspirations.

J. B. PROSSER,
J. K. INABINET.
For the Committee.

Report of Board of Temperance and Social Service.

Your Board has met and organized. We do not feel prepared to make anything like a full report, but beg leave to submit the following resolutions:

WHEREAS, The two great problems of our Southern people are the Liquor Problem and the Race Problem; and,

WHEREAS, Our country is rejoicing in the mighty advance of the Temperance hosts; and,

WHEREAS, On the other hand the Race Problem will inevitably be brought to a more critical stage in the years immediately before us, the relations of employer and employed require wise readjustments. The damages of mob violence call for united vigilance and the progress of the struggling race plead to our Christian hearts as never before for sympathy and support; therefore, be it

Resolved, first. That, while we rejoice in the successes of the Temperance forces, we pledge ourselves to continually press the battle against a foe ever watchful for any advantage.

Second. That we call upon our preachers to proclaim a positive gospel of Christian brotherhood and helpfulness toward the negro race, that we place ourselves on record as opposing mob violence, and band ourselves together to put down all injustice and oppression.

Third. That we gratefully recognize Paine College as a most helpful agency in producing that type of Christian citizenship among the negro race that is the needed leaven in its progress.

(Signed) M. L. BANKS, *Chairman*;
W. H. HODGES, *Secretary*.

Report of Bible Society.

Your Bible Society Board beg to submit the following report:

Paid by Charleston District.....	\$266.01
Paid by Florence District.....	109.60
Paid by Kingstree District.....	91.74
Paid by Marion District.....	112.75
Paid by Orangeburg District.....	164.95
Paid by Sumter District.....	68.45
Total	\$813.50

This report shows a small increase paid over that paid in 1917.

But we believe that a good many of the charges have sent their contributions to the American Bible Society through other channels, and thereby get no credit in Minutes. Therefore, we earnestly request all pastors and Bible organizations of the Church to send all collections for the Bible Society through our Conference Treasurer.

R. R. DOYLE, *Secretary*.

Southern Christian Advocate.

The Board of Managers of the *Southern Christian Advocate* begs leave to make the following report:

Under authority vested in us by the two Annual Conferences concerned, we have obtained from the Secretary of State of South

Carolina a Charter, dated December the twenty-seventh, nineteen hundred and seventeen, incorporating the *Southern Christian Advocate* with headquarters at Columbia, S. C. This Charter is recorded in the office of the Clerk of Court of Common Pleas and General Sessions of Richland county (Corp. Book "A," at page 470). The *Southern Christian Advocate* has bought a house and lot on Taylor street in city of Columbia, and has paid \$10,000.00 with interest for the same. This property is now free from debt. The *Southern Christian Advocate's* deed to this property is recorded in office of Clerk of Court for Richland county, in Book B T, at page 420. To Dr. W. C. Kirkland this Board feels that much praise is due, for it was he more than any other who made it possible for the *Advocate* to have this home. We have planned for the paper to be moved to this home early in next January. To carry out this plan we must buy at least a linotype and such other fixtures as are necessary to get the forms of the *Advocate* ready for the press. It now seems that this will cost something less than \$3,000.00.

Respectfully submitted,

F. H. SHULER, *Chairman*;

LEO D. GILLESPIE, *Secretary*.

Report of Commission on War Work.

The War Work Commission of the South Carolina Conference was organized during the past Conference year pursuant to the action of the last General Conference, with A. J. Cauthen, Chairman, and C. C. Derrick, Secretary, who, with G. E. Edwards, J. C. Guilds and E. C. Dennis, formed the Executive Committee.

During the year this Executive Committee has co-operated in all war work. Several meetings have been held, and the needs for Camp Activities within our Conference carefully considered.

The Board reorganized at this session, Rev. A. J. Cauthen, Chairman, having been recommended for work which would not include him in the personnel of the Commission as provided by the General Conference, resigned, and Thos. H. Tatum, Conference lay leader, was elected Chairman, the Executive Committee remaining as before with the substitution of the new Chairman for that of the Chairman for the past year.

A. J. Cauthen was elected unanimously as an advisory member of the Commission.

The call for War Work Emergency Fund made upon this Conference aggregated \$7,085.00. On this only \$3,741 have been remitted to the Treasurer. We are sure many charges not on the list of the Treasurer as paying have either made full subscription or over to this call, and we respectfully urge all pastors who have not collected or remitted these funds to immediately do so, making this his first business after Conference. The amounts should be remitted to Mr. John Victor, Treasurer, Lynchburg, Virginia.

The fund of \$5,000 called for special War Work, the past year realized \$, \$ of which are unexpended and ordered turned over to Mr. John Victor, Treasurer, for the General Work.

The work of Camp Jackson the past year met with most gratifying results.

We view with great satisfaction the work planned and being carried forward by the General War Work Commission both in re-enforcement of religious forces in Camp and Industrial War Production Centers, and in the great work opening overseas.

The Commission has projected Headquarters for Enlisted Men in the city of Columbia in addition to other Camp Activities, has selected a Soldier Pastor assigned to Charleston in view of its growing importance as a debarkation port. All these recommendations are approved by the General Commission.

We request the Bishop to make the following appointments:

Rev. E. O. Watson, Secretary War Work Commission—Q. C. Bamberg.

Rev. W. I. Herbert, Soldier Pastor Camp Jackson and Enlisted Men's Club, Columbia—Q. C. College Place.

Rev. C. B. Burns, Soldier Pastor Paris Island—Q. C. Beaufort.

Respectfully submitted,

T. H. TATUM, *Chairman*;

C. C. DERRICK, *Secretary*.

Report of Committee on Lay Activities.

Three years ago the pastors and laymen of this Conference, in a series of six meetings, set for its financial goal, one hundred per cent. on every claim upon every Church in every charge. We are proud to report that at this Conference that goal has been reached, all Districts making a one hundred per cent. report on every claim. We desire to express our appreciation of the splendid efforts on the part of presiding elders, pastors and laymen, which enabled such a record to be made.

We believe that a large part of this success comes from the practice of the "every member canvass," not only for missions, but for all claims, in a large number of charges. We still think that if this plan should be put on in every charge, the laborious efforts usually incident to the raising of our financial obligations would be materially lessened and large surpluses on many claims would be raised. We therefore request our Conference Missionary Secretary, wherever he has the opportunity and sees the need, to urge the "every member canvass" and assist in putting it on.

We enthusiastically endorse the Centenary Program, and express our unstinted approval of the action of our Conference in accepting the sum of \$1,000,000.00 as our share in this movement. We call upon every lay member of our Church for sturdy support of this high effort and unstinted co-operation in achieving its fullest success.

THOS. H. TATUM, *Chairman*;

F. MASON CRUM, *Secretary*.

DISTRICT CONFERENCE JOURNAL.

Your Committee on District Conference Journals begs leave to submit the following report:

All journals were carefully examined. The Florence and Orangeburg districts' journals were found to be in excellent condition, the records being neatly and correctly kept. The Marion district journal was in splendid shape, as was the one from the Kingstree district. The Sumter and Charleston districts' journals were entirely creditable, but the Committee would call attention to the omission of the place of meeting in the Charleston journal. These journals indicated the high achievement desired and in a very large measure realized by these several districts.

G. W. DUKES, *Chairman*;

C. T. EASTERLING, JR., *Secretary*.

Report of the Committee on Minutes.

Your Committee on Minutes submits the following recommendations:

1. That 4,000 copies of the Minutes be issued this year, and that we continue to furnish a copy of same to each clerical member of the Upper South Carolina Conference.

2. We nominate E. O. Watson and A. J. Cauthen as editors of the forthcoming Minutes.

We have asked the Finance Commission for an assessment of \$1,200, out of which the Secretary of the Conference shall be allowed \$200.00 for the expense of his office.

We desire to call attention to the fact that Rev. E. O. Watson, D. D., has just completed twenty-five years of continuous service as the Secretary of this Conference, and we desire to express our high appreciation of his faithful labors in this important office.

Respectfully submitted,

ALBERT D. BETTS, *Chairman*;
R. M. DUBOSE, *Secretary*.

Report No. 2—Joint Board of Finance.

Report of Auditing Committee.

We, the committee appointed by the Joint Board of Finance to audit the Conference Treasurer's Books, beg to offer the following report:

We, the undersigned, have examined the record of receipts and disbursements submitted by the Conference Treasurer, the Rev. J. H. Noland, and have found the same a true accounting for the year ending November 21, 1917.

We wish to commend the treasurer for his business foresight and management, by which the funds he handles for the Conference are made to accumulate interest from saving accounts.

W. E. NESMITH,
REV. D. D. JONES.

Report of the Commission on Finance.

Your Commission on Finance has organized for the work of this new Quadrennium, and begs leave to submit the following report, after having received the connectional assessments and the requests of the several Conference Boards:

1. Our assessment for connectional causes is \$49,300.00 for the coming year. This is 29.9 per cent. of the \$166,354.00 assessed for pastors' salaries in our Conference for the year just closing. According to the scale of percentages adopted by the General Conference our part of the connectional assessment is distributed among the various interests as follows:

Foreign Missions, 35.5 per cent.....	\$17,501.00
Home Missions, 11.5 per cent.....	5,670.00
Church Extension, 19 per cent.....	9,367.00
Education, 5.5 per cent	2,712.00
Theological Schools, 4.5 per cent.....	2,218.00
Negro Work, 3.25 per cent.....	1,602.00
Superannuate Fund, 1 per cent.....	493.00
Epworth Leagues, 1.25 per cent.....	616.00
Sunday Schools, 5.5 per cent.....	2,712.00
Bishop's Fund, 9 per cent.....	4,437.00
American Bible Society, 3 per cent.....	1,479.00
General Conference Ex., 1 per cent.....	493.00
	<hr/>
	\$49,300.00

2. Having considered carefully the requests of the various Conference interests we recommend an assessment for the same of \$48,002.00 for the coming year. We ask that this assessment be distributed as follows:

Missions, 33.4 per cent.....	\$16,032.00
Education, 29.2 per cent.....	14,018.00
Conf. Claimants, 24 per cent.....	11,520.00
Sunday Schools, 10.5 per cent.....	5,040.00
Minutes, 2.5 per cent.....	1,200.00
Epworth Leagues, .4 per cent.....	192.00

This assessment is equivalent to 29.1 per cent. of the total assessed for pastors' salaries for the year just closed.

3. The combined assessments for connectional and Conference interests total \$97,302.00 or 59 per cent. of the total assessments for pastors' salaries in our Conference last year. Since the connectional and Conference assessments are about equal we recommend that the several districts and charges be hereby assessed for these interests an amount equal to sixty (60) per cent. of the amount assessed the past year for pastors' salary. Of these assessments one-half shall be for the Conference interests and the other half shall be for the connectional work of our Church. The new report blanks to the Annual Conference require that the connectional assessments and all collected thereon, and the Conference assessments and what is collected on same, shall be listed separately. Hence two assessments are handed down to each pastoral charge: one for Conference work, and one for connectional work. But the pastors have nothing to do with the distribution of these funds among the several causes of either budget as that is done by the Conference treasurer in accord with the percentages given above.

4. We recommend that the Conference treasurer be allowed one (1) per cent. of all funds collected on the above assessments as commission and expense fund. The law of the Church requires that he shall be bonded, so we recommend that officers of this Commission be authorized by the Conference to receive and hold such a bond for the sum of \$10,000.00. We nominate as Conference treasurer for the ensuing year, Rev. J. H. Noland.

5. The law requires the Conference treasurer to remit to the several connectional treasurers monthly such funds as he may have in hand for them. Such a plan is contemplated for the Conference Boards also, but we believe that it will be best for our Conference treasurer to be the custodian of all funds collected during the year on the Conference account, keeping same at interest as far as possible until the meeting of the Annual Conference, when the customary distribution shall be made, except as any part of such funds may be needed by the Board in advance of Conference.

6. We urge that our Conference Boards shall permit sufficient advance of funds from the Conference treasury to enable the Board of Missions and the Sunday School Board to meet their expenses for the first three quarters of the Conference year, the final *pro rata* required by law to be made at the Conference session.

7. We further recommend that we continue the practice of raising at least one-half of our Conference and connectional claims in the Spring of the year.

Respectfully submitted,

G. F. KIRBY, *Chairman*;
ALBERT D. BETTS, *Secretary*.

MEMOIRS.

A. T. Dunlap.

In the death of Archibald Torrant Dunlap the South Carolina Conference has lost one of its noblest spirited sons. He was born in Anderson county, South Carolina, on February 22d, 1860, near the town of Honea Path, being the son of Mr. John M. and Mrs. Martha A. Dunlap. In the home of his childhood were influences of religion and piety which shaped his character and decided his destiny. Early in youth he united with the Methodist Episcopal Church, South, and grew to manhood under its instruction and influence. In 1877 he was thoroughly converted to God at Her Altar. He was taught in youth the lesson of industry and thrift which made his life a success. After getting what education was available in his home school at Honea Path, he attended the Anderson Military Academy, under the instruction of that maker of men, Prof. Ligon. He continued a student throughout his active ministry and became a preacher of high intellectual ability and intelligence. He felt the call to the ministry from the beginning of his Christian life, but did not at once respond. He engaged for some years in mercantile business. But was aroused to fully consecrate himself to God in the great revival which came to Anderson in 1886. He was licensed to preach November 24th, 1886. He served the Anderson Circuit as a supply in 1887. The writer of this memoir was intimately associated with him during that year, and learned to admire and love him. His preaching then, though untrained, was with power. Saints rejoiced under it, and sinners repented and believed to the salvation of their souls. The secret of this success was in his prayerfulness and fulness with the Holy Spirit. Every department of the work succeeded in his hands, and eighty new subscribers were secured for the *Southern Christian Advocate*.

By episcopal appointment he was sent in 1888 as a supply to the Santa Maria Circuit in the Los Angeles Conference in California. In September of that year he was admitted on trial into the Conference. He served Carpenteria Station 1889-90, and Lompoc Station 1891-93. Years after this service he was remembered by those whom he served as a faithful, helpful pastor and preacher, a brother of fine spirit, and a man of God.

He was transferred in December, 1893, to the South Carolina Conference. He served Piedmont Station 1894-6, Pendleton Circuit 1897-98, Santee Circuit 1899-1901, Clio 1902-04, Bennettsville Circuit 1905-07, Hartsville 1908-11, and Latta 1912. In all of these he did increasingly efficient work for the Church and the Master. Some of those he served speak of him as an attractive, effective preacher in the pulpit, making the Gospel mighty to the salvation of souls. Indeed his whole ministry was usually blessed with revivals. Others remember his comforting, consoling words and his prayers that brought blessing and help in the sick room, and the home of sorrow. Others remember his genial, pleasant disposition which enabled him to rejoice with those who rejoiced, and to enter pleasantly into every happy situation. Everybody had the utmost confidence in the integrity and uprightness of his character. Many persons, not themselves Christians, loved him for his noble traits of character. The work committed to his care by the Church always prospered, because of his diligent and intelli-

gent effort. His sparkling eye, his pleasant smile, his musical voice, his keen wit made him attractive in private and in public.

On November 22d, 1888, he was married to Miss Cicely Thomas, of Spartanburg, S. C. This was a happy union, and they were a blessing to each other. This good woman stood faithfully by him till she preceded him to the grave in June, 1912. His children are Annie Louise (Mrs. McIntyre); James Earle, now in the army, and Belle. To them falls the heritage of a father's spotless life and untarnished reputation.

Our brother was not from early life of the most robust constitution and soundest health. The strenuous duties of his active life made inroads upon his health and strength. This with the great grief and sorrow at the loss of his wife resulted in the complete breakdown, from which he never recovered. The remainder of his life was in the superannuated relation to the Conference. This period was one of sorrow and affliction, only known by the sympathetic heart of the loving father above. He died in the city of Columbia, S. C., on _____, 1918, and his body was laid to rest in the cemetery at Latta beside that of his beloved wife. He has gone to that blessed Clime where "there is no night," and where "God shall wipe away all tears from their eyes."

JAS. P. ATTAWAY.

Millon Murray McLendon.

On the 29th day of January, 1918, at Bennettsville, S. C., the body of Rev. M. M. McLendon was laid to rest, the funeral being conducted by his Presiding Elder, Rev. Peter Stokes, assisted by Revs. J. T. Fowler, W. W. Daniel, G. F. Kirby, and this writer.

At the District Preachers' meeting in Florence, not quite three weeks earlier, Brother McLendon was present, and no one would have thought that he would be the first of that body to pass to the other shore. But he was not strong and soon afterwards he was stricken, and died at the Florence Infirmary on the 27th of January, after every possible aid had been given to save his life.

Millon Murray McLendon was born near Bennettsville, in Marlboro county, South Carolina, July 25th, 1882. His father and mother, Thomas Alexander and Mrs. Maggie Swann McLendon, survive him and are living near the original home. He leaves also one brother, Rev. Baxter F. McLendon, and one sister, Mrs. Mary Pond.

Joining Shiloh Methodist Church, on the Marlboro Charge, when only nine years of age, Brother McLendon very early felt the call to preach. For a long time he kept this as a secret in his own heart and sought to direct his life in other channels. However, in 1908 he definitely accepted the call and went to Rutherford College to prepare himself for the work of the ministry.

On December 21st, 1904, he was married to Miss Geneva Morgan, of Wadesboro, N. C., and to them were born five children: Millon Murray, aged 12; Charles Exum, aged 10; Mary Grace, aged 8; Thomas Alexander, aged 6, and Annie Laurie, an infant of 7 months. All of these survive the husband and father.

Brother McLendon's active ministry began in 1910, and he served the following charges in the South Carolina Conference: Middendorf, Liberty, Cypress, Marion Circuit, and was Pastor of Jefferson Circuit at the time of his death.

Thus another life that gave promise of many years of usefulness in the Church has passed away. God's plan is often other than

according to our human thoughts, and so He has taken one in his prime. But he lived and worked long enough to manifest strength of character and devotion to the right. One who knew him well has said that the most characteristic trait in his life was his purity of soul, his abhorrence of everything wrong. His soul rebelled against sin in every form.

He was a man that was devoted to his home, and was never too tired or too preoccupied to play with his children, and to read and pray with them. He gave them fatherly counsel. Just before he left the parsonage, never to return again, he called his eldest boy to his side and said, "Son, be a good boy, and obey mama. Daddy is all right." He directed his faithful companion to be brave and not to worry, assuring her that he was in God's hands and that all was well. His devotion to his Brother was beautiful, and in his last message he said, "Baxter, I love you. Educate my children." According to those who were near him when he died he was last heard to say, "The change is so sweet."

Perhaps, as with all of us, he had his faults. But the great aim of life is to overcome the weaknesses through Christ, and to purify the soul in the fires of heavenly love. Toward that goal he steadily and persistently went, building for eternity as the days passed by; and we believe that the faith which kept him straight in the course is now enlarged in the beauty and glorious majesty of the everlasting home.

J. EMERSON FORD.

William Hamilton Ariail.

Rev. William Hamilton Ariail, the subject of this sketch, was born November 1, 1851, in Hall county, Ga. Early in his childhood, the Ariails moved to Pickens county, South Carolina, where he got all the educational advantage he had in school.

Luke I. Ariail and Nancy P. Ariail were his parents. Brother Ariail had French blood from his father's side and Scotch-Irish from his mother. People who knew him were soon aware of the rare combination in him of quick wit and fine social qualities; also a stern sense of duty and devotion to the right things.

It is an interesting study to go back into his early life and see what forces made him, and how he yielded to the influences that finally made a good man, and in many respects a great man. He went to school under the crude conditions of his childhood days and made fine use of the time spent in the schoolroom. That was as far as he got by the help of the schoolhouse, but he read and studied and made the best of a poor chance. He never went to college, but he had as fine and keen an appreciation of what a college course means as many men who have been through college. He appreciated a man of culture, and had no cheap remarks to make about men who had made good use of their opportunities. No man appreciated more than he a good book, and he would read it, and reread it, until he had caught its spirit. Then he used it in a legitimate way to enrich his sermons and his social life with his people. He loved his Church papers and never a week passed in his home that he did not read the *Southern Christian Advocate* and the *Advocate* (general organ) of his Church.

Brother Ariail joined the Church at 12 years of age, and it was not long till he felt the call to preach. But this was too much for him because he had so little preparation for such work. Just here he had a hard struggle and in many respects a bitter experience. He yielded to the call and was licensed with his brother, the Rev. J. W. Ariail, by the Pickens Quarterly Conference in 1874. In

December of the same year he was admitted into the South Carolina Conference on trial at Greenville. Bishop Marvin presided. The great Bishop's influence was powerful over Brother Ariail, and never lost its force. Those who have had the privilege of going back into his life know he often referred to Bishop Marvin and his peculiar power as a preacher.

The following charges in South Carolina have been served by him: Laurens Circuit, 1875; Greenville City, Marietta, 1876; South Chesterfield Circuit, 1877; Richland Fork Circuit, 1878; Lancaster Circuit, 1879; Lynchburg and St. Luke's, 1880; Hanging Rock Circuit, 1881-3; Tumbling Shoals, 1885-6; Reidville Circuit, 1887; Blythewood Circuit, 1888; Colleton Circuit, 1889-92; Edgewood Circuit, 1893; Abbeville Circuit, 1894-6; McCormick Circuit, 1897-8; Prosperity Circuit, 1899-1900; North Rock Hill Circuit, 1901-4; Hickory Grove, 1905; Rock Hill Circuit, 1906-9; Jonesville Circuit, 1910-13; Black Swamp Circuit, 1914-15; Lamar Circuit, 1916-18.

To read over the list of appointments such as the foregoing brings before us the fact that the man who served them must have been a man faithful to duty. And life was not all duty to him. He rose and lived in the realm of privilege. He put as much of good humor and good cheer into life as any man. Some people who had not seen him in 35 years remembered him and loved him in his last illness. He had preached to them and had visited in their homes in the long ago, and he had left with them such an atmosphere of good will that they could not forget him. It has been the privilege of the writer of this paper to talk with men and women whose lives had been changed through the faithful and cheery life of Brother Ariail. They had not seen him in many years, yet they wanted to know all about him and were grieved to know that he was ill.

He was a tremendous impulse in the lives of many. People could not tell in many instances what he had said or done in the pulpit or in their homes. All they had to say was that he had been there and left something that was spiritual and uplifting. To be with him in a protracted meeting was to understand what being a great impulse means. He was a great helper of men, and could stand close to people in sorrow and bereavement. People leaned on him, and not in vain, in all circumstances where a Christian gentleman is needed.

Brother Ariail was married twice. On December 19, 1877, he first married Miss Hattie Elizabeth Yeargin, of Laurens, S. C. On September 28, 1887, he was married to Miss N. E. Ozella Daniel, also of Laurens county.

Brother Ariail's last illness was very painful and protracted. He was suffering at our last Conference at Bishopville in November, 1917, but nobody knew that a fatal disease had taken hold of him. He was sent to Lamar Circuit for 1918, but he was never able to take up his work again. In March he went to the Florence Infirmary where he remained under faithful and skillful care of doctors, nurses and loved ones till he died October 9, 1918. His suffering had been long, unceasing and intense, but he was patient and faithful to the end.

The writer one day asked him if the Gospel he had preached and commended to other people for more than 40 years, was as good to him as to other people. "Yes, indeed, as good in pain and affliction as in days of joy and good health."

Jesus was the only reality in life and in death to him. Peace to his dear soul! He leaves many who grieve that he is gone.

LEGAL CONFERENCE.

ORANGEBURG, S. C., December 6, 1918.

The Ecclesiastical Conference recessed today so that the Legal Conference might hold its annual session. Rev. Watson B. Duncan, president, called the Conference to order. The secretary, G. P. Watson, presented the report of the board of managers, as follows:

The treasurer's report shows the financial status to be in good condition. A certain will has been executed and its settlement has added about \$20,000.00 to the resources of the Conference. This amount has been equally divided with the Upper South Carolina Conference.

Charlton DuRant, treasurer, reported that the Court had allowed himself and H. B. Carlisle a fee of \$2,500.00 for their work in the settlement of said will, but they waived \$1,000.00 of this amount. For which they were heartily thanked by the managers. The treasurer suggested the advantage of selling the bonds accruing from said will and the reinvestment of their value in more profitable loans which would increase the income therefrom. He was authorized to make the change.

Your executive committee respectfully suggests that the by-laws be so changed as to have the election of officers quadrennially instead of annually.

This report was adopted by the Conference. E. W. Hurst and C. T. Easterling, Jr., just admitted into full connection, and each of the transfers received at this Conference, were elected to membership in the legal Conference. On motion, the present officers were elected for the ensuing quadrennium.

G. P. WATSON, *Secretary*.

MINUTES OF HISTORICAL SOCIETY.

The sixty-third session of the Historical Society of the South Carolina Conference, Methodist Episcopal Church, South, was held in the First Church, Orangeburg, on Tuesday evening, December 3, 1918, Rev. C. B. Smith, President, in the chair.

MINUTES OF CONFERENCE BROTHERHOOD.

ORANGEBURG, S. C., December 5, 1918.

The Brotherhood was called to order, Rev. W. H. Hodges, President, in the chair.

The report of the Secretary and Treasurer was adopted as read and Rev. A. D. Betts presented the following amendment to the Constitution which was fully discussed in open Conference and voted upon section by section and unanimously adopted.

AMENDMENT TO THE CONFERENCE BROTHERHOOD CONSTITUTION.

Strike out Article 4 and insert the following:

Article 1. Section 1: The preachers who become members of the Brotherhood shall pay an initiation of \$1.00 and shall also pay the sum of \$20.00, to wit: On January 1st, \$5.00; on April 1st, \$5.00; on July 1st, \$5.00, and on October 1st, \$5.00. Associate members—who are our laymen and friends, male and female—shall pay \$1.25 on the same dates or \$5.00 per year, or any other amount they are minded to give, but no initiation fee shall be required of them.

Section 2: A beneficiary member failing to pay his dues in thirty days forfeits his membership (unless providentially hindered, in which case the executive committee shall have discretionary power), but he may be restored to membership by the Brotherhood at its regular meeting or by the executive committee *ad interim* on paying his arrearages. A forfeited member shall not after January 1st, 1919, be eligible to re-election without paying the initiation fee and dues from date of forfeiture.

Section 3: Upon the death of any preacher who is a member of the Brotherhood, the Secretary-Treasurer shall announce the fact and shall pay the benefit as follows: \$300.00 in thirty days from such announcement, and the balance at the end of the year as the executive committee may direct, provided that the total sum paid on any death claim shall not exceed \$1,000.00; and provided, further, that no debt shall be incurred involving the Brotherhood.

Section 4: The Secretary-Treasurer shall keep an accurate account of all moneys received and disbursed, which account shall be audited at both Conferences. He shall be allowed \$_____ for his expense fund each year. He shall be bonded by the Brotherhood for \$2,000.00 in some approved surety company.

Section 5: In case any beneficiary member dies without any heirs or distributees and without directing to what person or corporation or cause his benefit shall be given, said benefit in such case shall revert to the Brotherhood.

Resolved, That the foregoing amendment be adopted and shall be in force from date since the Brotherhood of the Upper South Carolina Conference has adopted same also.

(Signed) J. T. MACFARLANE,
ALBERT D. BETTS.

CENTENARY DAY.

Centenary Day at the South Carolina Conference began with an Historical Statement and discussion of the Aims of the Movement by Rev. W. G. Cram.

HISTORICAL STATEMENT AND AIMS OF THE MISSIONARY CENTENARY.

On April 5th, 1819, the first Missionary Society of American Methodism was organized in New York City. Great names were connected with the beginnings of that Society. William McKendree, Nathan Bangs, Joshua Soule, and Thomas Mason, constructive leaders of Methodism, have their greatest distinction in their connection with this Missionary Movement. A survey of the achievements of the Missionary Organization of American Methodism reveals one of the brightest pages of Christian triumph. As April 5th, 1919, came on apace the General Secretary of our Board of Missions proposed that the completion of 100 years of missionary endeavor be observed in an adequate way. His proposal was heartily endorsed by the Board. He further proposed that the Methodist Episcopal Church be invited to join with our Church in the celebration. The invitation formally made later was cordially accepted. As a result American Methodism is now launched upon a great constructive program, audacious and daring in its bigness, but exhibiting in every detail a plan which is commensurate with the needs of a world that is without Christ. The aims of the Centenary Movement may be succinctly stated as follows:

1. To develop the spiritual resources of the Church through prayer. A praying Church advances on its knees.

2. To bring to the conscience of the Church the fact that the Kingdom of God is extended through men who enlist in the service of Christ to assist him in putting on His program for the world and also to cause every individual member of the Church to see that material wealth must be systematically and abundantly placed at God's disposal through the organized agencies of the Church.

3. Through prayer, and the investment of life and money, to put on a program of world construction in accordance with the principles of the Gospel of Christ.

A more auspicious time could not have been chosen for this Movement. At a time when healing and constructive influences should be exerted in behalf of a bleeding world; at a time when the doors of every nation are wide open, this altruistic, missionary, spiritual movement of a great Church is launched. It is worthy of our faith and is no mean task to place upon the heart of the Church of Jesus Christ.

Following the General Statement, was given a brief review of the seven foreign fields now occupied by our Church, using wall maps and the material offered by the Centenary survey. After these countries, China, Korea, Japan, Cuba, Mexico, Brazil and Africa had thus been reviewed, there was a like survey of the home field of the United States, a presentation of Church extension's interest, and the work of the Sunday School. Having considered these fields now occupied, a larger view was taken in the discussion of "World Reconstruction Following the War." (Winton.)

The war, having been entered upon, as far as concerned the United States in the interest of human freedom and well being, has thrust moral issues into the foreground. As Churches we are keenly conscious of the close relation between moral issues and religion. The pleas which President Wilson presented on the justification of our declaration of war, are strangely similar to those which missionary leaders have long urged on the ground of foreign missions. Moreover, the war has brought democracy to the front. Nations everywhere are changing their forms of government to make them popular. This forces America to the front, with her ideals and her standards. Our altruism in feeding the world through voluntary abstemiousness has given us as a nation access to all hearts. Now if democracy is to succeed, it must be undergirded with world principles. The free press, the unfettered conscience, the open Bible, the public schools are its bulwarks. It is not our industrial example or our forms of government that will make us worthy to be examples for the new world to be. Moral strength is the only lasting contribution which we can make. This contribution must be made chiefly by the Churches, for only the Churches can openly commend Christianity, which is the reservoir and fountain of these saving moral forces. Increasing this responsibility which is upon the Churches is the added fact that they now have full access to many parts of the world, to all, indeed. Roman Catholic Europe, Catholic America, the Balkans, the Near East, China, Siberia, Russia, Africa, the barriers are all down, everywhere. Our own Church would be eternally discredited if it failed to rise to an opportunity like this.

STEWARDSHIP OF LIFE AND OF TIME. (STEWART.)

The survey prepared by Missionaries on the various fields calls for about 300 new missionaries. For these we must look to the young people now in school and college and the young men and women just entering upon life's activities. The powerful moral sanctions which have inspired millions of our soldiers ought to be capitalized now for missionary work "The moral equivalent of war." It is a time of all times to press home upon all these young men and women who hold the golden treasure of their own lives in their hands, the truth that "Ye are not your own." That golden treasure belongs not to themselves but to God, who would have them bestow it upon humanity. This teaching of the stewardship of life can be driven home now to a great advantage, because the world has just been stirred to the carrying out of a vast military campaign for humanity's sake. If men will give up all for their country and for humanity they ought to be equally ready when humanity calls them to another field of service. Older men and women, who cannot go now into a life of missionary service, will find in the Centenary an opportunity to invest at least a good deal of their time. For time as well as life belongs to God. It may be that we are far in arrears in paying him even his tithe. The Red Cross and the Exemption Boards and the Y. M. C. A. and the Bond Drive took fully of our time. Can not the Centenary count on several hundred thousand minute men and women to speak and work for its success?

STEWARDSHIP OF MONEY. (STEWART.)

No doctrine is more clearly presented in the New Testament than the teaching that our property is not ours but God's. We are his stewards. We hold in trust for him. And even while we hold he is entitled to his interest. Ten per cent. is not usurious when we are

dealing with Him. The Jews paid on that basis. We are better off than they. A league of tithing would be a wholesome reminder of God's claim on us for His part of our goods. The Centenary Movement is promoting such a league. Cards are furnished for those who wish to join. Equally prominent with the doctrine of our stewardship our Lord set forth the dangers and disaster of avarice. Riches are a snare. We are today the richest nation the world ever saw. If our wealth brings luxury, selfishness, ill will, corruption, it will be a calamity. Money is only safe when it is being used for good ends. We should hasten to invest this new wealth which the world war has brought us, lest it corrode our spirits, and work our ruin. The service of humanity through giving people everywhere the Gospel is an investment that cannot be excelled. The returns are sure and they are eternal. In this way we can make friends for ourselves through our use of mammon, which are not of this world hourly, but will be eternal in the Heavens.

THE LEAGUE OF INTERCESSION. (WINTON.)

The Centenary is a great spiritual crusade. It is a new warfare. It can succeed only on the basis of morale. Our best way to get together spiritually is around the throne of grace. Spiritual agencies are required for spiritual ends. We are seeking the salvation of immortal souls, the extension of the Kingdom of God, the enlistment of workers in the vineyard and the contribution of much money. It is a time for prayer. These are matters about which we can afford to consult God. A league of prayer, embracing hundreds of thousands throughout all branches of Methodism, is in process of formation. Those who have little money to give can contribute richly of intercession. God's spiritual resources are released when men place themselves in touch with him! A wireless message can be picked up only by an instrument that is properly "tuned." Many divine words go over our heads because we have not attuned ourselves in prayer. It has been said that the world has yet to see what God can do through a man wholly given up to his will. If that is true of a man, how much more of a great Church. Paul insisted that "first of all" prayer and supplication be offered. That is the plan of the Centenary. Prayer first, other things in their order.
